REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzey :

I have the honor to submit my ninth annual report.

Teachers: As was the case last year, there were but two new teachers when schools opened in September. At the end of the last school year, Mrs. Florence G. Stone retired after a life-long career of teaching. It was unfortunate that Mrs. Stone did not live long after her retirement and was unable to enjoy the well earned leisure and rest which she so richly deserved. Her devoted service to the instruction of children will be sorely missed. The new sixth grade teacher at Mt. Caesar School is Mr. Jerome J. Rogers, a graduate of Ithaca College.

Upon the resignation of Mr. Donald P. Carle, Mr. George E. Rollins, a graduate of Keene Teachers College, was elected as teacher of the seventh grade at Wilcox School. Mr. Carle is now teaching in Amherst, Massachusetts.

Mr. Laurence F. Reney is leaving us on February 1 to enter business. His position at the Cutler School has been filled by the election of Miss Mildred E. Turner, a graduate of Keene Teachers College.

The fairly low turnover in our teaching personnel for the past two years is partly attributable to the recent adoption of a salary schedule for Supervisory Union No. 25, comprising the school districts of Swanzey, Hinsdale, Richmond and Winchester. Too often in the past, our smaller towns have been training grounds for inexperienced teachers. Upon acquiring experience they have left us to be replaced in turn by more inexperienced teachers.

A salary schedule is helpful in securing teachers in this day of teacher shortages. When a teacher knows what he can

expect to receive in a community after years of teaching there, he is more prone to stay in that community provided the schedule is attractive enough.

The revised salary schedule for supervisory Union No. 25 follows.

Buildings and Grounds: The cafeteria at the Cutler School was repainted during the summer. Mr. Cecil R. Plummer, custodian, is to be commended for a job well done.

Mr. Joseph A. DuBois, custodian at the Mt. Caesar School, painted the exterior trim of the building. The boards had begun to weather and a protective film of paint was needed to prevent deterioration. Mr. DuBois deserves a great deal of credit for an excellent job.

The Wilcox School was capped by insulation to prevent heat loss and to conserve fuel.

At the last annual school district meeting, a school planning committee was chosen to work with the school board in attempting to solve the problem of school housing for Swanzey. These two groups have held numerous joint meetings and have studied various possibilities. It has been recognized that there

are housing needs at both the Cutler School and the Mt. Caesar School.

After much deliberation a majority of the school planning committee favored a plan of an addition to the Mt. Caesar School to alleviate crowded conditions at each of the two schools. The committee majority, with the school board, felt that by transporting grades seven and eight from West Swanzey to the Mt. Caesar School the most economical and satisfactory solution of the school housing problem would be made. To that end, articles have been inserted in the school district warrant for the consideration of the voters.

In order that the citizens of Swanzey may have a clear picture of the increase in enrollments in their schools, the following data has been taken from the General Fall Reports, forms which are completed each year for the State Department of Education.

Discounting the Richmond pupils, the above tables show an increase of 39 pupils in a two year period, using the same date each year. Of this increase, 14 pupils were at the Cutler School and 25 pupils were at the Mt. Caesar and Wilcox Schools. It is interesting to note that the General Fall Report for 1951 shows a total of 406 pupils, 200 at the Cutler School and 206 distributed as follows: East Swanzey 84, Hopkins 60, Wilcox 38, and Westport 24. The General Fall Report for 1952 also shows a total of 406 pupils, 202 at the Cutler School and 204 distributed as follows: East Swanzey 76, Hopkins 63, Wilcox 40, and Westport 25.

The above two tables merely serve as an indication of a possible trend. They are in no manner to be considered factual. Families moving into and out of Swanzev will make immediate changes in them. In fact, the chances are that an enrollment table developed this month will differ from one for next month. However, they do point up the fact that enrollments in Swanzev will in cease and probably at a greater rate than indicated if Swanzev's population continues to grow.

School housing problems are not peculiar to Swanzev. Ten years ago our national Census Bureau believed that the United States population would not reach 165,000,000 until the year 2,000 and perhaps not then. This figure was reached on May 27, 1955. Our population increase, with attendant increases in the numbers of children, makes for ever increasing enrollments in our schools.

It has been a pleasure to work with the Swanzev school planning committee and school board in their attempt to find the best solution to Swanzev's school housing problems. They are an earnest, sincere group of people confronted with a difficult task. They constitute but one of countless such groups throughout the length and breadth of the United States.

Quoting Walter Lippmann—"We have to do in the educational system something very like what we have done in the military establishment during the past 15 years. We have to make a break-through to a radically higher and broader conception of what is needed and what can be done . . . we must make the same order of radical change in our attitude toward education as we have made in our attitude toward defense. We must measure our educational effort as we do our military effort. That is to say, we must measure it not by what it would be easy and convenient to do, but by what it is necessary to do in order that the nation may survive and flourish. We have learned that we are quite rich enough to defend ourselves whatever the cost. We must now learn we are quite rich enough to educate ourselves as we need to be educated."

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Building Committee, the School Board, and the patrons of our schools for their co-operation.

Respectfully submitted,

CHESTER C. LEES,
Superintendent of Schools.
